

Harley H. Puthuff Resume

Current as of: August, 2018

Software developer and systems administrator for Linux environments with over ten years of experience in key technical areas—particularly those which are Internet and cloud related.

The Basics:

Location: San Antonio, Texas, USA
Citizenship: USA
Phone: 830-708-0180
E-mail: hostmaster@yourshowcase.net
Website: <http://www.harleyputhuff.com>
LinkedIn: <https://www.linkedin.com/pub/harley-puthuff/b2/847/481>
GitHub: <https://github.com/hputhuff/>

What I can do for you:

- Contract programming using Perl, PHP, Bash, Javascript & Java
- Cloud & bare metal server provisioning for Linux servers
- Linux server administration for RHEL, CentOS, Ubuntu & Debian

What I'm looking for:

Systems and application programming (Perl, PHP, Javascript & Java) and/or Linux systems administration using my remote workstations.

Where I've worked:

2015 - 2017:
Linux Systems Administrator for Rackspace, Ltd., a large cloud host.
San Antonio, Texas

2010 - 2015:
Systems Engineer for Telecom North America (telna)
Henderson, Nevada.

2002 - present:
Administrator, developer and hostmaster for Your Showcase, my hosting operation.
San Antonio, Texas
